Includes: -Laser-cut, FSC-certified wood sheet with easy-to-assemble pieces -Step-by-step instructions -Coloring and crafting ideas -A Millennium Falcon guidebook, Inside the Fastest Hunk of Junk in the Galaxy Skill Level: Advanced The Arabian tribes present the struggle between the extremely wealthy and reason, the war between the souls of men, of rich and poor, of heroes and gods of the Millennium age, predicted that a strange and enchanted event would happen on holy lands and all the race of men would be affected. The struggle is real but does not belong to the most primitive times but in the contemporary space age of the ultra-modern man. This is the story of two friends and also first cousins Ali and Ahmed, and their journey through vast regions of desert lands to discover and unravel the truth, legend and mystery of the Sword of the Euphrates, dropped by the Millennium Falcon, and which saved Ali's life during a cross fire, in a fierce battle raging in the deserts of Syria and so close to the river Euphrates, when he was a little boy. Two years have passed since Jacen Solo, seduced by the dark side and reanointed as the brutal Sith Lord Darth Caedus, died at the hands of his twin sister, Jaina, Sword of the Jedi. For a grieving Han and Leia, the shadow of their son's tragic downfall still looms large. But Jacen's own bright and loving daughter, Allana, offers a ray of hope for the future as she thrives in her grandparents' care. And when the eager, inquisitive girl, in whom the Force grows ever stronger, makes a curious discovery aboard her grandfather's beloved spacecraft—the much-overhauled but ever-dependable Millennium Falcon—the Solo family finds itself at a new turning point, about to set out on an odyssey into uncertain territory, untold adventure, and unexpected rewards. To Han, who knows every bolt, weld, and sensor of the Falcon as if they were parts of himself, the strange device Allana shows him is utterly alien. But its confounding presence—and Allana's infectious desire to unravel its mystery—are impossible to dismiss. The only answer lies in backtracking into the past on a fact-finding expedition to retrace the people, places, and events in the checkered history of the vessel that's done everything from making the Kessel Run “in less than twelve parsecs” to helping topple an evil empire. From the moment the Falcon broke loose from a Corellian assembly line like an untamed creature with a will of its own, it seemed destined to seek out trouble. It wasn't long before the feisty YT-1300 freighter went from shuttling cargo to smuggling contraband. But it's a fateful rendezvous on Coruscant, at the explosive height of the Republic/Separatist uprising, that launches a galaxywide cat-and-mouse game whose newest players are Han, Leia, Allana, and C-3PO. And they're not alone: Crime lords, galactic pirates, rogue politicians, and fortune hunters alike loom at every turn of the quest—each with his or her own desperate stake in the Millennium Falcon's most momentous mission. Through the years and across the stars, from the Rim worlds to unknown points beyond, the race will lead them all to a final standoff for a prize some will risk everything to find—and pay any cost to possess. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years! NEW YORK TIMES BESTSELLER • Han Solo and Lando Calrissian are reunited on the Millennium Falcon in a galaxy-spanning novel inspired by Solo: A Star Wars Story. But even the fastest ship in the universe can't outrun the past. . . . THEN: It's one of the galaxy's most dangerous secrets: a mysterious transmitter with unknown power and a reward for its discovery that most could only dream of claiming. But those who fly the Millennium Falcon throughout its infamous history aren't your average scoundrels. Not once, but twice, the crew of the Falcon tries to claim the elusive prize—first, Lando Calrissian and the droid L3-37 at the dawn of an ambitious career, and later, a young and hungry Han Solo with the help of his copilot, Chewbacca. But the device's creator, the volatile criminal Fyzen Gor, isn't interested in sharing. And Gor knows how to hold a grudge. . . . NOW: It's been ten years since the rebel hero Han Solo last encountered Fyzen Gor. After mounting a successful rebellion against the Empire and starting a family with an Alderaanian princess, Han hasn't given much thought to the mad inventor. But when Lando turns up at Han's doorstep in the middle of the night, it's Fyzen's assassins that he's running from. And without Han's help, Lando—and all life on Cloud City—will be annihilated. With the assistance of a young hotshot pilot, an Ewok slicer prodigy, the woman who might be the love of Lando's life, and Han's best and furriest friend, the two most notorious scoundrels in the New Republic are working together once more. They'll have to journey across the stars—and into the past—before Gor uses the device's power to reshape the galaxy. Praise for Last Shot “Action-packed in all the right ways.”—Tordotcom “A fun, breezy read, with plenty of humor, Ewok hackers, murderous robots, and rousing fight scenes as Han and Lando go from scrape to scrape [to] track down a long-forgotten enemy.”—The Verge “The flat-out funniest Star Wars novel to date.”—Alternative Nation The YT-1300 Corellian Freighter gets the Haynes treatment! On board pages. The YT-1300 is a legendary starship, best known for its association with the professional gambler Lando Calrissian, and later with the smugglers Han Solo and Chewbacca the Wookiee, who respectively made numerous modifications to transform their YT-1300 light freighter, the Millennium Falcon, into one of the fastest ships in the galaxy. The YT-1300 Millennium Falcon Owners' Workshop Manual traces the history of the Corellian Engineering Corporation's YT series of starships, and the development of the YT-1300 model line before focusing on the Millennium Falcon. The vessel's evolution - from common freighter to luxurious pleasure craft to battered warship - is described in detail and illustrated by numerous photographs, line art, floor plans, exploded diagrams, and stunning computer-generated artwork by renowned Falcon experts Chris Reiff and Chris Trevas. An Allegory- A Child's (Fatimah's) Tale The Kuffar present the struggle between violence and reason, the war between the souls of men, of good and evil, of heroes and gods of the Millennium age, predicted that it would fall on holy lands and all the race of men. The struggle at first seems real, but belonging to the most primitive age of the history of man. The war between two civilized worlds, of the Arabs and the Red Indian Americans of the new age, and a third the primitive world, of the life of the nomadic tribes, between large expanses of land. There is a sudden change, then an invasion, a surge of a different kind followed by a massacre, then a mass exodus, an event, a migration of the multitudes. A new stage is set in the development of the Arabian social order, and during this time the Gods once again begin to reign in earthly powers. They are of gigantic size and strength, but also of great meekness, intelligence and kindness. They possess rational and moral qualities and are far removed from cunning and ingenuity for they have no need of it as possessors of truth, freedom and justice. Fatima is united with Asma and her Parents- This is her tale For the first time we were on the platform. We were waiting for the arrival of more Syrian refugee friends. We watched the trains come and leave. We watched the people come and go. I was so bored, so I took Asma and went into a shop and bought some crisps and biscuits. Then we ate our kit kat, but they had not arrived as yet. We sat and stared, we walked and hopped, we read the adverts, we waited for the train.
