Metro 2034 Oct 17 2021 The basis of two bestselling computer games Metro 2033 and

Metro Last Light, the Metro books have put Dmitry Glukhovsky in the vanguard of Russian speculative fiction alongside the creator of Night Watch, Sergei Lukyanenko. A year after the events of METRO 2033 the last few survivors of the apocalypse, surrounded by mutants and monsters, face a terrifying new danger as they hang on for survival in the tunnels of the Moscow Metro. Featuring blistering action, vivid and tough characters, claustrophobic tension and dark satire the Metro books have become bestsellers across Europe.

Justice Perverted Apr 22 2022 Over the past quarter century Congress, state legislatures and the courts have radically reshaped America's laws dealing with sex offenders in an effort to reduce the prevalence of sex offenses. Most convicted sex offenders must now register with the authorities, who then make information about them available to the public. Possession of child pornography has been made an extremely serious crime often punishable by prison sentences that dwarf those meted out to child molesters, rapists, robbers, and even killers. Federal law now imposes a minimum sentence of ten years in prison for those convicted of using the internet to attempt to lure minors for sex. And the federal government and 20 states have "sexually violent predator" laws that allow the indefinite civil commitment of

convicted sex offenders to secure institutions for treatment after they have served their full criminal sentences. All of these changes in sex offender law, as well as numerous others, have been based at least in part on input from psychology, psychiatry and the social sciences. Moreover, enforcement and administration of many of these laws relies to a large extent on the efforts of mental health professionals. However, many questions about this involvement remain largely unanswered. Are these laws supported by empirical evidence, or even by well-reasoned psychological theories? Do these laws actually work? Are mental health professionals capable of reliably determining an offender's future behavior, and how best to manage it? Finally, are experts capable of providing effective treatment for sex offenders -- i.e., treatment that actually reduces the likelihood that an identified sex offender will re-offend? In *Justice Perverted*, Charles Patrick Ewing poses these difficult questions and others that few in either law or psychology have asked, much less tried to answer. Drawing on research from across the social and behavioral sciences, he weighs the evidence for the spectrum of sex offense laws, to occasionally surprising results. A rational look at an intensely emotional subject, *Justice Perverted* is an essential book for anyone interested in the science behind public practice.

Directory of Corporate Counsel 2011-2012 Apr 10 2021 Completely updated for

2011-2012, the Directory of Corporate Counsel remains the only comprehensive source for information on the corporate law departments and practitioners of the companies of the United States and Canada. Profiling over 22,000 attorneys and more than 5,000 companies, it supplies complete, uniform listings compiled through a major research effort, including information on company organization, department structure and hierarchy, and the background and specialties of the attorneys. This newly revised 2 volume edition is easier to use than ever before and includes five quick-search indexes to simplify your search: Corporations and Organizations Index Geographic Index Attorney Index Law School Alumni Index Nonprofit Organizations Index

Metro 2035. English Language Edition. May 24 2022 World War Three wiped out the humankind. The planet is empty now. Huge cities became dust and ashes. Railroads are being eaten by rust. Abandoned satellites hang lonely on the orbit. Radio is mute on all the frequencies. The only survivors of the last war were those who made it into the gates of the Metro, the subway system of Moscow city. It's there, hundreds of feet below the ground, in the vaults of what was constructed as the world's largest air-raids shelter that people try to outlive the end of the days. It's there that they created a new world for themselves. The stations of Metro became city-states, and its citizens, torn apart by religions and ideologies are fighting for the now scarce commodities: air, water, and space. This tiny underground world can only remind humans of an immense world they once were the masters of. It's been twenty years past Doomsday, and yet the survivors refuse to give up. The most stubborn of them keep cherishing a dream: when the radiation level from nuclear bombings subsides, they will be able to return to the surface and have the life their parents once had. But the most stubborn of the stubborn continues to search for other survivors in this huge emptiness that once was called

Earth. His name is Artyom. He would give anything to lead his own people from the underground onto the surface. And he will. * * * METRO 2035 continues and terminates the story of Artyom, the hero of the original Metro 2033 book and the Metro video games. Millions of readers across the world have been waiting for this novel for the long ten years. For those who have been following Artyom's adventures from the very beginning, Metro 2035 will deliver the concluding powerful part of the saga, with the ultimate part of the puzzle that can't be found anywhere else. For the new readers, Metro 2035 will become an excellent introduction into this unique fiction universe that has millions of fans across the world. * * * Dmitry Glukhovsky's METRO novels have already sold millions of copies in 37 languages. They have also become a basis of cult video games 'Metro 2033' and 'Metro Last Light', and the film rights were optioned by a Hollywood studio. * * * Behind the tense plot and the dark ambience of Metro 2035, there's yet another level: that of social dystopia and political satire. Metro metaphorically paints a pitiless picture of today's Russia, that is being overcast again by the dark shadows of its gruesome past. Do Russians need freedom? Do they want a war? Can they survive without an enemy? Who's to blame and can anything be done about it? Eternal questions. Fresh answers.

Duelling, the Russian Cultural Imagination, and Masculinity in Crisis Sep 27 2022 This book, written from a feminist perspective, uses the focus of duelling to discuss the nature of masculinity in Russia. It traces the development of duelling and masculinity historically from the time of Peter the Great onwards, considers how duelling and masculinity have been represented in both literature and film and assesses the high

emphasis given in Soviet times to gender equality, arguing that this was a failed experiment that ran counter to Russian tradition. It examines how duelling continues to be a feature of life in contemporary Russia and relates the situation in Russia to wider scholarship on the nature of masculinity more generally. Overall, the book contends that Russia's valuing of a strong, militaristic form of masculinity is a major problem.
