*How to Change the World with a 501(C)(3)* Aug 13 2021 How to Change the World with a 501(c)(3) provides a simple yet comprehensive framework for starting and running a successful 501(c)(3) nonprofit organization. This book is inspired by the authors experience founding two nonprofits and working with existing nonprofit organizations over the past decade. 501(c)(3) status, which is granted by the IRS to qualified applicants, exempts eligible nonprofits from federal income tax requirements. In certain states, 501(c)(3) status also exempts nonprofits from state corporate income tax obligations. Tax-exempt status allows more of the money donated to worthy and charitable causes to end up supporting those causes directly, and therefore is highly coveted by nonprofits. Additionally, financial contributions made to a 501(c)(3) are deductible by donors for federal income tax purposes, making donating

more attractive and lending increased credibility to the organization. The primary audience for this book is individuals who passionately believe in a cause and want to multiply their ability to effect change by utilizing a nonprofit organization. This book will provide you with the tools, confidence, and insight to not only start a 501(c)(3) organization, but also run it like a business in order to maximize its impact on the community.

that pivots from the biggest questions about American history and ideals  
to the most intimate concerns of a father for his son, Ta-Nehisi Coates  
offers a powerful new framework for understanding our nation's history  
and current crisis. Americans have built an empire on the idea of "race,"  
a falsehood that damages us all but falls most heavily on the bodies of  
black women and men—bodies exploited through slavery and  
segregation, and, today, threatened, locked up, and murdered out of all  
proportion. What is it like to inhabit a black body and find a way to live  
within it? And how can we all honestly reckon with this fraught history  
and free ourselves from its burden? *Between the World and Me* is Ta-  
Nehisi Coates's attempt to answer these questions in a letter to his  
adolescent son. Coates shares with his son—and readers—the story of his  
awakening to the truth about his place in the world through a series of  
revelatory experiences, from Howard University to Civil War battlefields,  
from the South Side of Chicago to Paris, from his childhood home to the  
living rooms of mothers whose children's lives were taken as American  
plunder. Beautifully woven from personal narrative, reimagined history,  
and fresh, emotionally charged reportage, *Between the World and Me*  
clearly illuminates the past, bravely confronts our present, and offers a  
transcendent vision for a way forward.

*The Book that Made Your World* Sep 26 2022 Understand where we  
came from. Whether you're an avid student of the Bible or a skeptic of its  
relevance, *The Book That Made Your World* will transform your  
perception of its influence on virtually every facet of Western civilization.  
Indian philosopher Vishal Mangalwadi reveals the personal motivation  
that fueled his own study of the Bible and systematically illustrates how  
its precepts became the framework for societal structure throughout the  
last millennium. From politics and science, to academia and technology,  
the Bible's sacred copy became the key that unlocked the Western mind.  
Through Mangalwadi's wide-ranging and fascinating investigation, you'll  
discover: What triggered the West's passion for scientific, medical, and  
technological advancement How the biblical notion of human dignity  
informs the West's social structure and how it intersects with other  
worldviews How the Bible created a fertile ground for women to find  
social and economic empowerment How the Bible has uniquely equipped  
the West to cultivate compassion, human rights, prosperity, and strong  
families The role of the Bible in the transformation of education How the  
modern literary notion of a hero has been shaped by the Bible's  
archetypal protagonist Journey with Mangalwadi as he examines the  
origins of a civilization's greatness and the misguided beliefs that  
threaten to unravel its progress. Learn how the Bible transformed the  
social, political, and religious institutions that have sustained Western  
culture for the past millennium, and discover how secular corruption

endangers the stability and longevity of Western civilization.

Endorsements: "This is an extremely significant piece of work with huge global implications. Vishal brings a timely message." (Ravi Zacharias, author, *Walking from East to West and Beyond Opinion*) "In polite society, the mere mention of the Bible often introduces a certain measure of anxiety. A serious discussion on the Bible can bring outright contempt. Therefore, it is most refreshing to encounter this engaging and informed assessment of the Bible's profound impact on the modern world. Where Bloom laments the closing of the American mind, Mangalwadi brings a refreshing optimism." (Stanley Mattson, founder and president, C. S. Lewis Foundation) "Vishal Mangalwadi recounts history in very broad strokes, always using his cross-cultural perspectives for highlighting the many benefits of biblical principles in shaping civilization." **In Love with the World** Nov 04 2020 A rare, intimate account of a world-renowned Buddhist monk's near-death experience and the life-changing wisdom he gained from it "One of the most inspiring books I have ever read."—Pema Chödrön, author of *When Things Fall Apart*

“This book has the potential to change the reader’s life forever.”—George Saunders, author of *Lincoln in the Bardo* At thirty-six years old, Yongey Mingyur Rinpoche was a rising star within his generation of Tibetan masters and the respected abbot of three monasteries. Then one night, telling no one, he slipped out of his monastery in India with the intention of spending the next four years on a wandering retreat, following the ancient practice of holy mendicants. His goal was to throw off his titles and roles in order to explore the deepest aspects of his being. He immediately discovered that a lifetime of Buddhist education and practice had not prepared him to deal with dirty fellow travelers or the screeching of a railway car. He found he was too attached to his identity as a monk to remove his robes right away or to sleep on the Varanasi station floor, and instead paid for a bed in a cheap hostel. But when he ran out of money, he began his life as an itinerant beggar in earnest. Soon he became deathly ill from food poisoning—and his journey took a startling turn. His meditation practice had prepared him to face death, and now he had the opportunity to test the strength of his training. In this powerful and unusually candid account of the inner life of a Buddhist master, Yongey Mingyur Rinpoche offers us the invaluable lessons he learned from his near-death experience. By sharing with readers the meditation practices that sustain him, he shows us how we can transform our fear of dying into joyful living. Praise for *In Love with the World* “Vivid, compelling . . . This book is a rarity in spiritual literature: Reading the intimate story of this wise and devoted Buddhist monk directly infuses our own transformational journey with fresh meaning, luminosity, and life.”—Tara Brach, author of *Radical Acceptance* and *True Refuge* “*In Love with the World* is a magnificent story—moving and inspiring, profound and utterly human. It will certainly be a dharma classic.”—Jack Kornfield, author of *A Path with Heart* “This book makes me think enlightenment is possible.”—Russell Brand

**Out in the World with Gaetano Pesce** Dec 29 2022 At 81, the Italian designer and architect Gaetano Pesce is one of the world's greatest living innovators. Best known for his radical embrace of ordinary, unconventional materials of his time, he has constructed enormous pink buildings from foam, sofas that resemble jester hats, large-scale portraits from hand-poured resin and vases that bend and wobble. A pioneer in design, he's advocated for decades for the injection of human elements

and error into mass produced design. This book is the first of its kind on Pesce, now in the twilight years of his career. It includes an interview with Pesce-come-essay by the critic Sophie Haigney, intimate portraits by Duane Michals, and four newly commissioned photographic series that take his work out into the world, allowing different image-makers to understand and connect with it for themselves.

*World as Family* Dec 05 2020 A Vedic phrase asks us to “treat the world as family.” In our age of global crises—pandemics, climate crisis, crippling inequality—this sentiment is more necessary than ever. Solutions to these seemingly insurmountable problems demand new approaches to thinking and acting locally, nationally, and transnationally, sometimes sequentially but often simultaneously. This is the mentality of the immigrant, the exchange student, the global native, and all who have made a life in a new place by choice or by necessity. Yet we suffer from a lack of the truly capacious thinking that is so urgently needed. Vishakha N. Desai uses her life experiences to explore the significance of living globally and its urgency for our current moment. She weaves her narrative arc from growing up in a Gandhian household in Ahmedabad to arriving in the United States as a seventeen-year-old exchange student and her subsequent career as a dancer, curator, institutional leader, and teacher against the broad sweep of political and social changes in the two countries she calls home. Through her personal story, Desai reframes the idea of what it means to be global, considering how to lead a life of multiple belongings without losing local and national affinities. Vividly conjuring the complexities and exhilaration of a life that is rooted in many places, *World as Family* is a vital book for everyone who aspires to connect across borders—real and perceived—and bring to fruition the ideal of a global family.

*The World Is on Fire* Jun 23 2022 This “magnificently compelling” essay collection explores obsession, anxiety, and Existential dread from the Book of Revelation to the Liberace Museum (Minneapolis Star Tribune). The sermons of Joni Tevis’ youth filled her with dread, a sense “that an even worse story—one you hadn’t read yet—could likewise come true.” In this revelatory collection, she reckons with her childhood fears by exploring the uniquely American fascination with apocalypse. From a haunted widow’s wildly expanding mansion, to atomic test sites in the Nevada desert, her settings are often places of destruction and loss. And yet Tevis transforms these eerie destinations into sites of creation as well, uncovering powerful points of connection. Whether she’s relating her experience of motherhood or describing the timbre of Freddy Mercury’s voice in “Somebody to Love,” she relies on the same reverence for detail and sense of awe. And by anchoring her attention to the raw materials of our world—nails and beams, dirt and stone, bones and blood—she discovers grandeur in the seemingly mundane. **Together, We Can Make The World Better** Mar 08 2021 How can we make the world better? Together, through increasing awareness and initiating action, we can make the world better. This socially conscious children's book includes an integrated discussion guide with vocabulary and facts. Perfect for school, community, or home, adults and teens can encourage children to pay attention to the world around them, ignite compassion, and inspire them to take action that initiates positive change. Together, We Can Make The World Better! Recommended for ages 3 to 7 Learn more at [togetherwecanseries.com](http://togetherwecanseries.com). Let's get social: [#togetherwecanbook](https://twitter.com/togetherwecanbook). A note to the reader (excerpted from the book): The goal of this book is to increase awareness and initiate action. Increasing social consciousness can decrease implicit bias (unconsciously-held set of associations about a social group). When more people hold fewer biases, and when more people serve those who have historically been marginalized, the world will be a better place! To make a change, we must increase awareness and take action. One action is to talk! Each page has discussion questions to help you engage children in reflection and dialogue. Some pages share facts and definitions. In the first part of the book, there are multiple dualities. The objective of the dualities is not to teach either/or thinking, but rather to introduce children to the concepts of: privilege (a special advantage or benefit not enjoyed by all), social consciousness (awareness of important social issues), and compassion (desire to help someone who's in distress). The goal is to encourage children to pay attention to the world around them and begin to recognize unearned disparities. While reading and discussing, it is essential to not make negative assumptions, associations, or encourage blaming. For example, we can teach children: If a child experiences food insecurity (the state of being without reliable access to a sufficient quantity of affordable, nutritious food), it isn't their fault. If a child always feels safe, they didn't do anything to deserve that more than someone else. A person experiencing a disability can still be strong, healthy, and capable. Someone can be sad and happy at the same time. A

person's circumstances don't define them, and shouldn't limit them. When discussing, it is useful to use people or person-first language (PFL). PFL puts a person before a diagnosis or circumstance, describing what a person has rather than asserting what a person is. Examples include a person experiencing homelessness or a student experiencing depression. Remember, together, we can make the world better! About the Author Dr. Meagan Pollock envisions a world where personal and social circumstances are not obstacles to achieving potential, and where kindness, inclusivity, and conservation prevail. An international speaker, teacher, engineer, and equity leader, her mission is to provide services, tools, and resources that inspire awareness and initiate action.

[Facing the World with Soul](#) May 22 2022 For more than a hundred years, the various fields of psychology have sought methods for healing the individual soul. Today, the being in need of care is the world. All the organizing forms that ought to enrich life with beauty, purpose, and depth no longer do so. To heal ourselves we need to reimagine the world. Beginning with the myth of Sophia, or "Soul of the World," Sardello evokes a sense that the world as filled with her presence. He goes on to suggest that the soul's primary aspects-its arts of concentration, meditation, imagination, and contemplation-do not belong simply to individual consciousness, but constitute a surrender of subjective, personal states to the consciousness that is the soul of the world. He shows how we can begin to approach daily life in a new way by practicing these arts. The chapters that follow establish a psychology of the world.
